

## EVERYTHING WAS QUITE HARMONIOUS

### BOTH HOUSES OF THE LEGISLATURE ORGANIZED TODAY

Democrats in the Senate Vote For the Republican Nominees—George H. Ray, of La Crosse, Chosen Speaker of the Assembly—Governor's Message Will be Read Tomorrow.

Madison, Wis., Jan. 11.—[Special].—For the first time in the history of the state the democrats voted with the republicans in the organization of the senate. There are only two democrats, Jackson and Weed, and both voted for the nominees of the republican caucus.

The legislature convened at noon. In the senate L. W. Thayer, of Ripon, was elected president pro tem; W. L. Houser, of Mondovi, chief clerk; C. Pettibone, of Oconomowoc, sergeant at arms. The elections were unanimous.

In the assembly George H. Ray, of La Crosse, was elected speaker; Winslow Nowell, of Milwaukee, chief clerk, and Jos. Agert, of Superior, sergeant at arms. A joint committee was appointed from both houses to inform the governor that the legislature was ready for business. The message will be received tomorrow, after which adjournment will be taken till Monday night.

Assemblyman George H. Ray, of La Crosse, who was elected speaker of the assembly at noon today, is now serving his third term in the legislature. He began his services in 1895, when he was elected over H. A. Pammel, a democrat, by about 500 majority. He was re-elected to the legislature of 1897, and again at the last election. Two years ago he was a candidate for the speakership against George A. Buckstaff, and his defeat then indicated the chance of his election this year.

Mr. Ray was born in Milwaukie, New Brunswick, in 1847, but his parents were American citizens. When 17 years old he came to the United States with them, and settled in Maine, at Gardner. There he lived until 1878, when he came to Wisconsin to represent ex Governor Cornburn, of Maine, in the lumber business. He remained interested in lumber until 1892, but in the meantime had become engaged in banking, and was one of the founders of the State Bank, La Crosse, of which he is now president. Mr. Ray is one of the trustees of Beloit college, and takes an active interest in education.

## GRIP IN LUMBER CAMPS

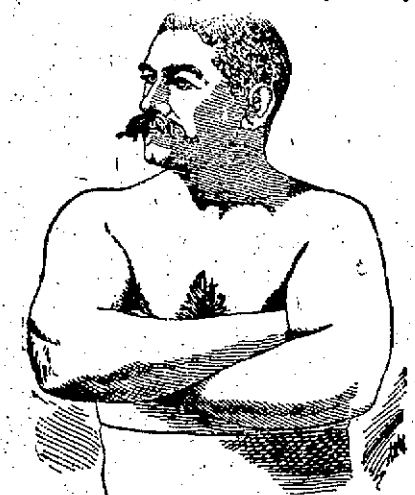

Disease Is Causing Great Embarrassment to Lumbermen in the State.

Ashtland, Jan. 11.—[Special].—Loggers all through this region are worried over the prevalence of grip in the logging camps. So general has this become that in scores of camps large numbers of men are incapacitated from work, so that lumbermen are now fumigating the camps with sulphur while the men are at work and airing the bed clothing. Every day more men are stricken suddenly with it.

## SULLIVAN IS PLEASED

Ex-Champion Gratified at the Results of Last Night's Fistic Battle.

New York, Jan. 11.—[Special].—The result of last night's Sharkey-McCoy

JOHN L. SULLIVAN. Fight is pleasing to men interested in real fighting. John L. Sullivan voices the feeling of those who are glad to see a man loom up as the coming champion who is actually willing to fight. The ex champion says: "I guess all the world is glad to see hard fighting still the go. Science is very well, and cleverness good, but there should be heart and hard hitting in battles."

New Wisconsin Postmasters

Washington, Jan. 11.—The senate today confirmed the nominations of postmasters in Wisconsin: W. White, Algoma; G. W. Smith, Eau Claire; C. E. Brought, South Kaukauna; F. J. Hamilton, Sturgeon Bay; E. F. Ganz, Alma; T. P. Coon, Plainfield; A. P. Cheek, Baraboo.

## APPLEBY DISPLEASURES THEM

His Appointment Does Not Seem to Please All Evansville

It is quite evident that the recent deputy sheriff appointment at Evansville made by Sheriff W. H. Appleby displeases some people in the Out Off City. The Tribune says: "It is evident that the temperance people of Evansville need not look to our county sheriff for much sympathy."

When the appointment was made by Sheriff Appleby it was a hard matter to decide, as several petitions from Evansville people were handed in, expressing the hope that their special man would be chosen.

## WISCONSIN IS AGAIN IN THE RING

### UNIVERSITY HAS ADOPTED INTERCOLLEGIATE RULES.

Is Therefore in Line With the Rest of the Educational Institutions—Some of the Changes That Will be Wrought Under the New Order of Things.

Madison, Wis., Jan. 11.—Wisconsin has adopted the intercollegiate rules drawn up by the conference of representatives of Chicago, Illinois, Michigan, Minnesota, Northwestern, Purdue and Wisconsin universities at the meeting held in Chicago at Thanksgiving time. The most important change in the rules from the ones heretofore prevailing is the creation of an intercollegiate conference, composed of one representative of each institution, to which all questions as to any student's amateur standing shall be referred. The rule is so drawn that it makes it possible for the conference to reinstate any student, who has sacrificed his standing through ignorance or other excusable mistake.

Another rule provides that every student of every institution must be required to sign a statement, before being allowed to become a member of any athletic team, that he has not violated the amateur rule in either letter or spirit. The introduction of the word spirit is taken here to mean that there will be an increased vigilance by the conference and the boards of control over the enforcement of the amateur rule.

The change in the rule quoted above whereby a student who has lost his standing through ignorance or excusable cause may be reinstated, will be hailed with pleasure here, as it is expected to make it possible for Wisconsin to play Peel, who was one of the star half backs of the institution, and who is expected to return to the university next fall. It may also enable Wisconsin to play Husting in the baseball team next spring.

## KILLED AT A CURVE

Four Skaters Meet Death On a Railway Track Near Larimer, Pennsylvania.

Pittsburg, Jan. 11.—[Special].—Thomas Miller, Mary Miller, Walter Brown and Bert Wilson were killed on a curve near Larimer while skating last night. They stepped on the tracks just as a train came round the curve.

## MAN GETS NEW AESOPHAGUS

Milwaukee Physicians Perform a Difficult Surgical Operation.

Milwaukee, Wis., Jan. 11.—A very interesting and delicate operation was performed at St. Mary's hospital by Dr. J. W. Cutler yesterday morning, that of practically giving a man a new road to his stomach.

The patient was Mr. Connie, of Orchard street. Dr. Cutler was assisted by Drs. Lewis, Jackson and Martin. The patient was afflicted with cancer of the aesophagus, which prevented him from swallowing. The stomach was opened and drawn up to the wall of the abdomen, and the swallowing tube attached, so that food might be carried through it to the stomach. This operation is difficult, as the gastric juices have to be cared for so they will not poison the delicate parts of the internal organism, which so frequently produces a fatal result to operations of that kind.

Prelate Is Ordered to Rome.

London, Jan. 11.—The Rome correspondent of the Daily Telegraph says: "Archbishop Ireland is coming to Rome to explain his conduct during the Hispano-American war. The influence he was supposed to possess with President McKinley led the vatican to take certain steps which proved abortive, to the great chagrin of the pope."

May Go to the Philippines.

Milwaukee, Wis., Jan. 11.—Capt. W. L. Cooke, in charge of the Third infantry recruiting station, this city, has been ordered, together with his party, to report at headquarters at Fort Snelling as soon as possible. It is believed that the order is the forerunner to the immediate removal of the Third regiment to San Francisco, en route to the Philippines. A large number of Wisconsin boys have recently enlisted in the Third.

Insurgents Still Obdurate.

Manila, via Hong-Kong, Jan. 11.—The situation at Iloilo is unchanged. The American troops have not yet landed. The native troops, under Aguinaldo's orders, still refuse to allow them to go ashore, and express their determination to burn the town if a force is landed.

Ex-Gov. Oglesby Better.

Lincoln, Ill., Jan. 11.—The condition of ex-Gov. Richard J. Oglesby, who has been suffering with an attack of the grip and a slight touch of indigestion, was so much improved Tuesday as to warrant the venerable statesman leaving the house for a short time.

## THROWING OFF ALL DISGUISE

### SAGASTA NO LONGER RECOGNIZES OBLIGATIONS OF LAW

Will Fill Vacancies in the Ministry to Suit Himself—No Pretense of Constitutional Government is Made—Belief That the Reigning Dynasty is Nearing Its End.

London, Jan. 11.—[Special].—All vestiges of a constitutional monarchy have disappeared from Spain, and that country is today practically as despotic as Russia. Sagasta's announcement that he will hereafter waive the formality of sending in the resignation of the whole ministry when any of its members have incurred the displeasure of the cortes, and will fill the vacancies as he

SEÑOR SAGASTA, Premier of Spain.

shall see fit is an announcement to the world that he proposes to continue at the head of affairs indefinitely.

The constitutional government in Spain has always been more or less of a farce. It has not, in fact, had an existence as constitutional government is viewed in other nations. Yet the pretense was sufficient to allay in some degrees the popular opposition to monarchical forms, and to postpone the coming of a republican uprising.

It is believed here that Sagasta's announcement will have one of two results. It will either hasten the progress of the nation toward republicanism or cause the strengthening of the Carlist cause. The better classes in Spain prefer, if they are to be ruled by a despot, to acknowledge one who has a legitimate claim to royal descent rather than a government composed of people of plebeian ancestry.

Sagasta may be able to maintain his power for a time by means of his new policy, but when the catastrophe comes it will involve him and his government in a ruin as complete as any that ever overtook a corrupt and decadent dynasty.

## CHOATE AMBASSADOR

Name of Joseph C. Choate Sent to the Senate for the Court of St. James.

Washington, Jan. 11.—[Special].—The president today sent the nomination of

HON. JOSEPH H. CHOATE. Joseph C. Choate to be ambassador to Great Britain.

## THIRD MAY GO TO MANILA

Belief That Wisconsin Soldiers May See Something of the World.

Milwaukee, Wis., Jan. 11.—Captain W. L. Cooke, in charge of the Third infantry recruiting station, this city, has been ordered together with his party, to report to headquarters at Fort Snelling as soon as possible. It is believed the order is the forerunner to the immediate removal of the Third regiment to San Francisco, en route to the Philippines. A large number of Wisconsin boys have recently enlisted in the Third.

Insurgents Still Obdurate.

Manila, via Hong-Kong, Jan. 11.—The situation at Iloilo is unchanged. The American troops have not yet landed. The native troops, under Aguinaldo's orders, still refuse to allow them to go ashore, and express their determination to burn the town if a force is landed.

Ex-Gov. Oglesby Better.

Lincoln, Ill., Jan. 11.—The condition of ex-Gov. Richard J. Oglesby, who has been suffering with an attack of the grip and a slight touch of indigestion, was so much improved Tuesday as to warrant the venerable statesman leaving the house for a short time.

## CUBAN ARMY MUST BE DISBANDED

### MEN BEARING ARMS WILL NOT BE ASSISTED.

Must Cease Acts of Outlawry or be Treated as Enemies—Gomez Thinks Many Will Obey—Foraging Upon the Country Must be Abandoned at Once.

Washington, Jan. 11.—[Special].—Gomez's statement that the Cuban army is anxious to disband and return to peaceful occupations, is received with satisfaction here, although it is not implicitly believed. It is true that many of the Cubans recently under arms have laid down their guns, but not from a love of peace. The fact that they can get no pay, and that the occupation of foraging upon the country has been stopped, has been the impelling cause. They might have existed without pay if they had been permitted to plunder at will, but that resource being cut off they must work or starve.

Gen. Brooke has received orders to hasten as much as possible the disbandment of the Cuban army. He will also extend needed aid to suffering non-combatants, but if any such have able bodied relatives in the Cuban army they will be compelled to look to them for support. It is not the purpose of this government to support the families of those who are defying orders.

There is plenty of work at good wages for all who desire to work to support themselves, and therefore no excuse for banditry. The continued existence of the Cuban army is regarded as a menace to the peace of the country, and if Gomez does not see that his followers obey orders neither he nor any of the other active Cubans need expect favors from the United States.

## PHILIPPINES ARE QUIET

Prospect That the American Policy Will Be Concurred In.

Washington, Jan. 11.—[Special].—Advices from Gen. Otis report satisfactory progress in the suppression of the Philippine insurgents. The rebels are making a desperate resistance, and from what is learned from those taken prisoner it is very evident that the natives generally have been greatly imposed upon. When brought into the American camp the prisoners without exception made preparations for death, and it was hard to convince them that that was not the fate in store for them. They stated that it was the universal belief among Aguinaldo's followers that the Americans spared none of their prisoners, but sacrificed them in the most cruel manner, often roasting them at the stake and tearing their flesh to pieces.

This is one of the chief causes of the desperate resistance the natives are making to the Americans. Their leaders have caused them to believe that the Americans are a barbarous race of people, who delight in human sacrifices, and treat all their prisoners with the greatest cruelty. Had it not been for this belief many of the bands would have surrendered long ago.

Gen. Otis hopes that when a knowledge of Americans and their plans becomes general throughout the islands the opposition to the plans of the government will utterly cease. The chief strength of Aguinaldo lies in the fact that he has grossly misrepresented the character and purposes of the American forces.

## CUBAN REVENUES LARGE

Receipts From Customs Are Increasing As Business Is Resumed.

Washington, Jan. 11.—[Special].—The customs duties received thus far at Havana and Santiago are far in excess of expectation. During the war the supply of goods on hand was reduced to the minimum, as the duties were excessive, and the American blockade practically stopped commerce. The deficiency then created has not yet been filled, although goods have been imported freely for several months. The ability of the people to pay for goods is yet limited, but conditions are improving daily. It is the opinion of officials here that the first year's revenues will show a considerable surplus over the cost of maintaining the government, and this surplus will be expended in local improvements, chiefly drainage projects designed to increase the healthfulness of the seaport cities and starve out the yellow fever.

## EVERYTHING IS QUIET

Manila Reports Do Not Indicate a Critical Condition.

Washington, Jan. 11.—[Special].—A cablegram from Manila this morning says all is quiet there and the health of the troops is excellent. There is nothing in the dispatch to indicate that the situation is critical.

## CHARGES ARE PEURILE

Beauprie's Accusations Against the Court of Cassation Are Ridiculous.

Paris, Jan. 11.—[Special].—The third installment of Beauprie's charges against the court of cassation is out today. They are practically a reiteration of previous charges, which were based upon the court's action in giving a glass of grog to Col. Piquart. The Beauprie libel has become an object of ridicule.

## LOCATE IN CHATTANOOGA

Chattanooga is a city of about 45,000 and is growing fast.

## ADVISES TREATY'S RATIFICATION

### SENATE COMMITTEE ON FOREIGN AFFAIRS REPORTS.

Recommends That the Peace Treaty be Approved Without Amendment—Anti-Annexation Resolutions Introduced—Allen Declares Use of the Army Abroad is Illegal.

Washington, Jan. 11.—[Special].—The senate committee on foreign relations this morning ordered a favorable report to the senate on the peace treaty with Spain. The recommendation of the committee was unanimous that the treaty be ratified without amendment.

In the senate today Mr. Bacon introduced a resolution declaring that the United States does not propose annexing Cuba and the Philippines, but that coaling stations only are desired.

Mr. Allen introduced a resolution to the effect that any action of the army and navy of the United States against the Philippines would be a violation of power by the president.

## CAN'T GET THEIR PAY

The States That Advanced Money to Equip Troops Must Wait for Reimbursement.

Washington, Jan. 11.—[Special].—The governors of several states have trouble in collecting from the United States pay for indebtedness incurred by them in recruiting and equipping volunteer troops. It has been decided by the comptroller of the treasury that the governors did not act as agents of the government in incurring these debts, and that therefore they cannot be paid through the regular disbursing officers.

## FORAKER SPEAKS FOR CONQUEST

### OHIO SENATOR DELIVERS A STRONG ARGUMENT.

Insists That if This Country Has the Right to Conquer Territory It Can Govern It—To Presume Otherwise Would Be to Confess Inferiority.

Washington, Jan. 11.—[Special].—Mr. Foraker addressed the senate on expansion today. Territory, he argues, could be acquired by purchase, cession or conquest, and the only limitation is that it cannot be held permanently, though it can be governed as a colony. To adopt the Vest resolution, he said, was a confession that our nation was inferior to other nations of the earth. He contended that the Dred Scott decision

SENATOR FORAKER.

demonstrated that congress had the power and right to govern territory that had been acquired. It was absurd to hold that congress had power to acquire, but not the power to govern that territory after it was acquired.

## THE USUAL CHARGES

McCoy Accuses the Referee at Last Night's Fight With Gross Partiality For Sharkey.

New York, Jan. 11.—[Special].—McCoy issued a statement today in which he declared he could not win under any circumstances and that he anticipated an unfair deal from Hurst. He says Sharkey fouled him a dozen times, but Hurst paid no attention to them. He also says he heard that the chief of police intended jumping in the ring in the third round when Sharkey was down if the sailor had been unable to rise, stop the fight and force the decision of a draw.

## IMPROVE WISCONSIN HARBORS

Congressman Cooper Endeavoring to Benefit Racine and Kenosha Lake Trade.

Washington, Jan. 11.—Representative Cooper called on the president yesterday and urged the immediate signing of the resolutions which were before the executive providing for the surveys of Racine and Kenosha harbors preliminary to certain work that is proposed to be done in those harbors. The president signed the resolutions at once and they were promptly sent to congress. Representative Cooper is putting in some hard work in behalf of these harbors, where the demand is strongly for work to deepen the harbors so as to admit the entry of larger vessels. Messrs. J. F. Clancy of Racine and E. C. Reynolds, of Milwaukee, are here in the interests of the projects. Mr. Reynolds represents the Goodrich Transportation company, and is specially desirous that better facilities be given for the vessels of the company. They have hoped to get some time before the River and Harbor committee to present the claims of the citizens, but the time had all been given out up to today when the hearings closed. The committee has the work of making up the bill. Representative Cooper is confident of being able to get through his projects for giving better transportation facilities at Racine and Kenosha.

## KNIGHTS IN A REGIMENT

Wisconsin Pythians Will be Reorganized at the Coming Meeting

The annual assembly of the Wisconsin brigade of the United Order of Knights of Pythias, which is to be held Feb. 8 in the Uehlein building in Milwaukee, will be an important one to the order in Wisconsin, as it is probable that there will be a reorganization of the brigade in this state into two regiments. There are now three regiments. This step has been in consideration for some time. It is due to changes in the strength of companies in different parts of the state. The reorganization of the brigade will be complete. The term of Brig. Gen. Frank Barry and his staff of eighteen officers will expire on February 6, so that at the coming convention it will be necessary to select a brigadier general, though it is probable Brig. Gen. Barry will succeed himself. The meeting will bring to the city the officers of thirty companies, and the regimental officers. Gen. James R. Carnahan, commander of the United Order of Knights of Pythias, will also be here with members of his staff, from Indianapolis.

The Bullet Wound In His Lung Is Now Fast Healing.

John C. Burke, who fought in the battle of El Caney, and who has been in Janesville for the past few weeks in the hopes of regaining lost health, is steadily improving, and with the coming of spring will be a new man.

Burke says that he now weighs 107 pounds, and that he never felt better since the time he first set foot on Cuban soil.

The wound in his lung made by a Spanish bullet is healing fast, and the physicians say that in time this will give him no trouble. Burke is now stopping at the Highland house and has made many friends since his residence here.

## MARKET DAY AT WATERTOWN

Local Residents Were In Attendance and Report Large Crowd.

Charles Hermann and Charles Wolf, of this city, were in Watertown yesterday, where they went to attend market day, which event is made much of by the citizens of Watertown. They report the affair a great success in every way. Farmers for many miles about bring in their produce to sell, and there are always plenty of buyers on hand who pay the highest market prices. The merchants of Watertown lend their united support in making the day a busy one, and hundreds of farmers are thus attracted to Watertown who would otherwise go to neighboring towns. The plan is the same one as that tried in this city a few years ago, but which, for the lack of support, died a natural death.

## SHE WILL SOON TOUR IOWA

Mrs. Bond, Formerly of This City To Give Several Recitals.

Mrs. Carrie Jacobs Bond, now of Chicago, and a former resident of this city, is soon to make a tour of the leading cities of Iowa, where she will give a number of recitals. Mrs. Bond of late has won much fame as a writer of popular songs, and a host of local friends will extend congratulations. The Musical Courier, of New York, says: "She is an artist by nature; all her work is refined and full of that true sentiment which is usually found in a woman of fine fibre. The ideas and thoughts expressed in many of her dainty songs are beautiful and well worked out."

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

Rock Prairie, Jan. 10.—The funeral of Joseph Fellows was held at the house Monday afternoon. Two of the sons, Francis and Harry, were unable to be in attendance. Mrs. Christina Barless is on the sick list. Mrs. George Wauke is very sick, with little hopes of recovery. Mrs. Peter Jameson is slowly improving. Miss Maggie Decker is also getting better. Guy Wauke is on the gain. Valentine Bier is quite sick with pneumonia. A pleasant surprise was given George Cary last week. All report a good time except the young man who, when his best girl got seated in his rig, had to hitch himself onto it and haul it off an ice pond, because his horse was not sharp shod. Give the blacksmith a job first, next time. This time it was John and not James, that took the belle of the "Dew Drop Inn" out to the Rock Prairie parsonage and invited several of their young friends in with them. But up to the present date we have been unable to ascertain whether they are now two or one. This much we are sure of, that if Mr. Huey got a chance he would not leave his part of the job half done. The singing school is progressing finely under the leadership of Prof. G. O. Sayre, of Milton. Will Zull, of Johnson, sold a valuable horse to Mr. Hadden, of Janesville, weight 2,200 lbs. Thos. Welsh sold a young a short time ago at a long price. David Clark drives them now. Will Henkin lost a fine cow a few days ago.

### South Turtle.

South Turtle, Jan. 10.—The jotting in last week's Gazette made the jotters say George and Carrie Murray instead of Georgia and Corrie Murray, of Beloit, were to the Murray-Weirick wedding. School in the Murray district commenced Monday, Jan. 9th. D. G. Smith is now able to be out and Mrs. Erb Bates sits up. Mr. and Mrs. Maynard Weirick have gone to housekeeping in Beloit. The neighborhood prayer meeting was held at J. A. Crockett's Thursday evening of New Year's week. Miss Josie Lawson has been having pneumonia and other members of the family the grip.

Mr. S. A. Fackler, editor of the Micanopy (Fla.) Hustler, with his wife and children, suffered terribly from la grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for la grippe, and its exhausting after effects. Never fails. Peoples' Drug Co., corner Main and Milwaukee streets.

## GOLF AND COUNTRY CLUBS

The Two Hold Their Annual Meetings Last Evening.

The Janesville Country club held its annual meeting last evening at the municipal court room, Victor P. Richardson in the chair. Treasurer Rexford's report on the financial condition of the club was presented and approved, and George M. McKay, Colin O. MacLean and Judge Charles L. Fifield were elected directors for three years.

It was decided to defer the question of selling seventeen acres of the land not needed by the club to some future day.

The Mississippi Golf club, which is composed in great part of the same persons, also held its annual meeting at the same place, with President James C. Wilmarth in the chair.

The treasurer reported a balance on hand of \$90.26. It was decided to hold a thanksgiving party on the evening of Nov. 3.

The president appointed a committee, consisting of C. O. Russell, Al. Schaller and H. H. McKinney, to arrange for the annual masque ball to be given on St. Valentine's night, February 14, 1899.

The following officers were elected for the ensuing year: President—George M. McKay. Vice President—Will A. Jackson. Treasurer—C. C. MacLean. Secretary—J. P. Baker.

Directors—Frank E. Fifield, Al. Schaller, H. E. McKinney, Alex. Galbraith and James C. Wilmarth.

The initiation fee was fixed at \$5, and the annual dues at \$5, and it was decided that all members of the Golf club competing for position on the team are required to put up a thirty-six hole score, at least eighteen holes to be played consecutively the same day, and such score shall be completed and placed on file with the secretary on or before May 15, 1899.

## MRS. RICHARDSON'S DEATH

An Estimable Woman Well Known Here Expires In St. Paul.

The death of Mrs. Mary Elizabeth Richardson, widow of Edward B. Richardson, a former resident of Janesville, which took place at St. Paul, January 9, has caused profound sorrow in all parts of the city.

From youth up, through middle age and down to the very last, she studied the problem of life as only one filled with a true love for books and possessing the great quality of discrimination can study them. Mastering underlying principles, she not only applied them to her own life, but sought at all times to benefit those who surrounded her by like application. Where many studiously inclined persons fail she succeeded, because her tireless energy created for her both time and opportunity. Domestic affairs, mastered to the slightest detail, were never neglected. Here was a life well spent. Her work a work well rounded out.

Mrs. Richardson was the daughter of David Tenney, a leading merchant of Concord, N. H., and the granddaughter of Walter Harris, an eminent Congregationalist and doctor of divinity.

She was born at Dunbar, N. H., near Concord, April 13, 1826.

After their marriage in 1857 Mr. and Mrs. Richardson lived for a time at Fox Lake, subsequently removing to Janesville, Wis., where they resided many years. About four years ago, feeling that they were nearing the limit of man's allotted time, they came to St. Paul and entrusted their welfare for their remaining days to the care of their son. Mr. Richardson died last spring. She has now followed him. Mrs. Richardson came from Revolutionary stock, numerous of her kinsmen having fought for American independence. From them she inherited an indomitable will, great vitality and the proverbial New England love for life. The possession of these characteristics aided her in overcoming the effects of a delicate organization and brought her to a ripe old age.

### La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days by the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

It doubles the joy of the human heart, brightens body and brain. That's what Rocky Mountain Tea will do. 35 cents. Smith's Pharmacy, Kodak Agents.

## LARGE TRANSACTION IN PINE

Tract of Timber in Bayfield County Brings More Than \$75,000.

Ashland, Wis., Jan. 11.—W. H. Gilbert has closed a deal for the purchase of 25,000,000 feet of timber in Bayfield county at a consideration of upwards of \$75,000. This timber is all situated in township 49, ranges 6 and 7, and is accessible to the three logging railways that run from Chequamegon bay out into Bayfield county. This is said to be one of the best tracts of Norway timber and one of the most available blocks in the county. The timber included in this purchase will all be sawed in Bayfield and Ashland mills the coming summer. Mr. Gilbert has been buying small lots of timber right along from homesteaders and is putting in 12,000,000 feet of logs this winter over the Washburn, Bayfield & Iron River railroad.

Oconto, Wis., Jan. 11.—The Oconto Lumber company has closed a deal for all of the pine owned by Pfister & Mariner in Oconto county. The consideration is about \$50,000. The pine is estimated to cut from 15,000,000 to 20,000,000 feet and is nearly all on the Peshtigo river.

## YOUNG AT SIXTY.

Serene comfort and happiness in advanced years are realized by comparatively few women.

Their hard lives, their liability to serious troubles on account of their peculiar organism and their profound ignorance concerning themselves, all combine to shorten the period of usefulness and fill their later years with suffering.

Mrs. Pinkham has done much to make women strong. She has given advice to many that has shown them how to guard against disease and retain vigorous health in old age. From every corner of the earth there is constantly coming the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Compound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 220 Homer St., Johnston, Pa., which is earnest and straight to the point:

"DEAR MRS. PINKHAM:—I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way. My head trouble is all gone, have no pain in ovaries, and am cured of womb trouble. I can eat and sleep well and am gaining in flesh. I consider your medicine the best to be had for female troubles."

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

Blow, thou strong western wind,  
Blow far and fleet  
Thy forest coolness here  
Through the dark city street.

Blow o'er the crowded roofs  
From wall to wall,  
Through fevered alleys swift  
In boundless blessing fall.

Where weary mothers wait  
Blow thy fresh breath,  
Where men have lain them down  
'Tis but in love with death.

'Tis country pleasantness  
Across their dreams,  
Shade of thought tossing boughs  
And thought of flowing streams.

Bring wafts of fragrance, too,  
From far blown flowers,  
Four balms, pour rest, pour life  
Through these despairing hours.

And let some little child  
Wake as you sing  
And feel your silken touch  
A stooping angel's wing.

## LAW OF THE SEA.

BY CHARLES B. LEWIS.

All writers of sea stories devote chapters to what is called "the sentiment of the sea," and all readers of the same feel their pulses thrill as they read of heroic rescues. This "sentiment" may have been observable 50 years ago, and now and then you read of a rescue worthy of heroes, but as a matter of fact shipowners and sea captains are anything but sentimental in these days of money making. Of ten ships who sight a signal of distress at sea eight will sneak past it if possible, and the other two will be more interested in the salvage question than in the saving of life. Shippers want their goods shipped as soon as possible. Shipowners overload and underman their vessels and yet want them to make quick voyages. Sea captains must "crack on" and do their best, and so it comes about that aid is seldom extended when there is reasonable excuse for dodging it.

In the year 1880 the brig Welcome left the port of Liverpool for the West Indies, having on board 180 men, women and children, who were going to settle on one of the islands. She had a crew of 15 men, a supercargo and two cabin passengers, thus bringing the total up to almost 200. Fine weather accompanied the craft until she had accomplished two-thirds of the voyage. Then a gale sprang up which dismasted her and sent her drifting back over her wake. The gale had scarcely abated when a fire broke out, and though it was extinguished after a hard fight a great quantity of provisions was consumed and much of the fresh water was sacrificed. Not a spar was left aboard for jury masts, and as the rudder had been carried away and there was four feet of water in the hold the people realized that the wreck could not be abandoned too soon.

Soon after we of the ship Evening Star sighted the wreck. We were sailing under the Holland flag, commanded by a Holland captain and mate, and I believe the craft was of that nationality. She was bound from Demerara to New York, loaded mostly with sugar. I believe, and had been detained in Demerara a couple of weeks to ship a crew. It so happened that an American man-of-war to which I belonged as an enlisted man put into that port for some slight repairs, and 12 of us deserted in a body to go aboard of the Star. We were all sailors. It does not excuse our action to say that the Hollander brought this desertion about by the promise of high wages. He wanted a crew and did not care how the men came to him. We had a close shave from being captured by our captain, but got to sea all right, and as the weather was good and the wind favorable the Hollander "cracked on" to make up for lost time. One morning just after sunrise we found the drifting brig square in our path and only two or three miles away. After a brief look at her through the glass captain and mate fell to cursing at their ill luck. As a matter of fact we had neither water nor provisions to spare, and the ship was loaded down to the mark with cargo, but when we heard our officers propose to pass the wreck without notice every man of the ten was ready for mutiny.

We demanded that communication be opened with the unfortunate people, and after a good deal of growling the Star ran down to them and sent a boat aboard. The report of the mate when he returned was to the effect that the people were on quarter allowance, with much sickness among the women and children, and that they desired to abandon the wreck and be taken aboard of the ship. We had spare spars aboard, and the Hollander offered to sell three or four sticks for about three times their value, the payment to be made in gold on delivery. The captain of the brig declined buying, as he was satisfied that the shattered hull could never be worked into port, even if fully provisioned. The Hollander then agreed to sell one cask of water and about 80 pounds of bread, but just as we were ready to transfer the goods a squall came up, and that gave him an excuse for sailing away. His firm intention was to abandon the wreck to her fate, and as soon as we realized it the ten of us went aft in a body and assured him that unless he bore up and furnished relief we should refuse duty and take the consequences. He blustered and threatened and brought out his pistols, but we were firm, and at length he gave orders to put the ship about.

We had to beat up to the wreck, and by the time we reached her there was half a gale blowing and the sea was so heavy that we could not transfer the provisions. At the end of an hour the Hollander was for making sail again, but we refused to touch a rope. He and his mate, both armed with belaying pins, sought to drive us aloft, but we disarmed them and looked them in their staterooms. Among us was a man who had made several voyages as mate and

was competent to handle a ship, and he was installed as captain and given an able seaman as mate. We had hoped to get the provisions to the wreck before night, but the gale continued, and we had to stand by her for 30 hours before it was safe to launch a boat. We had mutinied and taken possession of the ship, but we felt that circumstances justified it. Neither harm nor insult was offered our officers. After a few hours they were allowed full liberty, and not one of us entered the cabin. There were many threats as to the punishment we should receive when the ship arrived in port, but we stood firm and kept clear of any further quarrels.

When wind and sea finally subsided, we boarded the wreck, to find that one woman and four children had died in the last 24 hours and that the living were entirely out of food and water. There was no doctor aboard, the leak was hardly to be kept under, and it was plain that another 24 hours would send the wreck to the bottom of the sea. It was therefore resolved to transfer everybody to the ship. Our captain and mate raved like madmen when they heard of this decision, and the last named became so violent that we had to bind him hand and foot. The wreck had lost all her boats, but the ship had three, and when the work of transferring began it was not interrupted until every person had been brought safely off. Then we secured most of the personal baggage of crew and passengers, and by the time the last boatload was alongside the Star the wreck rolled heavily to starboard and port and went to the bottom of the sea.

The ship had no accommodation whatever for passengers, and you can imagine the muss we were in when that crowd of people were taken aboard. The Hollander flatly refused to act as captain or to have anything to do with the castaways. He said we had deposited him by mutiny and must now run things to suit ourselves and take the consequences. Everybody had to be put on quarter allowance at once, and a shift was made up whereby the women and children were at least sheltered. After consultation it was decided to make for the Bermudas, and on the third day after taking the people off the wreck we sighted the American ship Ocean Queen and secured from her several hundred gallons of water and a quantity of flour and biscuit. It was a run of seven days to the islands, and during the last four days no adult had food enough to keep down the pangs of hunger. The mate proved so obstinate and dangerous that his bonds were not released, but he shared the food and water with the rest and was treated as kindly as circumstances would permit.

None of us believed that we could be punished for taking the ship out of the captain's hands to save human life, and I am sure we should not have been meddled with but for the presence of a British man-of-war in port. We had informed the Hollander of our readiness to work the ship to her port of destination, and he seemed to think favorably of the matter, but no sooner did he learn of the presence of the man-of-war than he appealed to her commander. As a result the ten of us were at once arrested and flung into prison to await the action of the law. I never found out just where they intended to send us for trial, but presume it was Holland. For some reason or other there was a long delay, and at length matters were complicated by our being claimed as deserters from an American man-of-war. The people whom we had saved were grateful enough, God knows, but all others looked upon us as a lot of pirates who ought to have been hung as soon as captured.

When we had been in jail for five months, we got word from an American who was pretty thoroughly posted on the case that we should soon be sent away for trial and that we might expect at least five years' imprisonment apiece. This news decided us to make an attempt to break jail, and one night, a week later, using tools which a guard had been bribed to pass in to us, we sawed away the bars of a window and gained our liberty. Proceeding to the harbor, we found an American schooner ready to sail and awaiting our coming, and before our escape was discovered we were miles at sea. Five of us surrendered to the naval authorities and took our punishment and served out the remainder of our enlistment, but what became of the others I do not know. But for our action 200 people would have been left to go down with a wreck on which they had drifted and suffered for days and weeks, and yet that action was rank mutiny, and had the ship been English instead of Dutch our two leaders would probably have been hung and the rest of us got long terms in prison.

## Compressed Flour.

The British admiralty and the war department are testing, under various climatic conditions, the new method for preserving flour. One objection to the establishment of national granaries has been the difficulty of storing grain for any length of time. The grain germinates and is, ruined, and to keep large quantities in sound condition has been pronounced impracticable. Experiments are being made with a system of compression into briquets by hydraulic pressure. The trials show that the flour so treated is not affected by damp, even under unfavorable conditions, and is free from mold. The compression destroys all forms of larval life and the flour is thus rendered safe from the attacks of the insects. The saving in storage is enormous, as the cubic space occupied by 100 pounds of loose flour will hold more than 300 pounds of the compressed article. —Scientific American.

## SWIFT MESSENGER BOYS.

Use of the Bicycle Has Added to Their Speed.

"The bicycle has proved a valuable assistant in many phases of business," remarked a wheeling enthusiast yesterday, "but I think that to the messenger boy it has become a priceless boon. Nowadays it is a rarity to see a messenger boy journeying along in any other manner than on the silent steed. And the proficiency attained by the majority of these youngsters in the art of riding would rouse a feeling of envy in the breast of many a professional trick rider. It is no unusual sight to see as many as three of the boys on one bike. Then, again, you'll see a youngster gliding along, seated anywhere on the wheel except the saddle. In fact, the majority of the boys scorn the use of the saddle at all. When in a hurry these peaceful rough riders catch hold of a trolley car dasher, and with feet on the handlebars sail down the street, oblivious of the fact that a fall may mean instant death." —Philadelphia Record.

## WAS SURELY INSANE.

Signs That at Once Betrayed the Mysterious Traveler.

The electric car changed merrily along on its way up the avenue. The crowd of happy, contented people in the car seemed at ease with the world, while the motorman peered anxiously into the future in the hope of striking something. Even on the gay lit streets the people looking in the shop windows seemed to have caught the contagion of good spirits. Not a cloud was to be seen in the clear autumn sky of evening. Myriads of stars sparkled and glittered in the heavens.

But within that brilliantly lighted car bowling merrily along the gayly illuminated boulevard there was one who seemed apart from all the rest, as though separated by some invisible barrier.

He was a man still young in years, clean shaven, yet bearing an indefinable stamp that seemed immediately to make him stand out from all the rest. Women would have called him handsome, but even women would have feared him, for there was something about the lines of his finely chiseled lips that told of a fierce determination in his character.

The awe of his presence spread to the laughing crowds on the seat opposite. Young schoolgirls, out for an evening's car ride, brushed their laughing and spoke in a subdued tone whenever he looked in their direction. Men looked at him and frowned. Others regarded him curiously. Even the conductor, when he took up his fare, made haste in getting away from the mysterious man who seemed to pervade the street car with such a strange influence.

"Do you suppose the man is insane?" queried one of the two young women in the far corner.

"Very likely," replied the other sadly, "and what a shame for such a good looking young man! Yet the fact seems to be established beyond a doubt. He has ridden five blocks in a street car without crossing his legs." —Washington Post.

## Finished.

His daughter had just returned from the young ladies' finishing school at Boston.

She found him in his library with bills for gowns and other educational matters piled high in front of him.

Beside the bills lay his pocketbook. The bills were all receipted.

He picked up the pocketbook and sighed.

"Alas," he said, "I know now why they call it a finishing school."

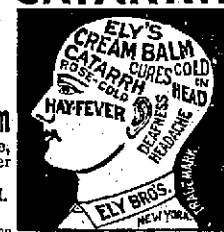

The pocketbook was empty. The last bill for \$118 for lessons on the guitar had finished it. —Chicago Post.

## WINE OF CARDUI

## WOMEN WHO WORK.

St. Louis, Mo., Aug. 12.  
Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

## Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

## THIS DAY IN HISTORY.

1757—General Alexander Hamilton, American soldier and statesman, secretary of the treasury under Washington, born in Nevis, West Indies; killed by Aaron Burr in a duel July 12, 1804. After two years spent in military studies Hamilton entered the army as captain of artillery. He served five years in active campaigns. The fall of Yorktown having virtually ended the war he turned his attention to law and finance.

1828—Bayard Taylor, American author and traveler, born at Kennett Square, Pa.; died in Berlin in 1883.

1844—Francis Scott Key, author of "The Star Spangled Banner," died in Baltimore, born 1780.

1874—Paul Roze, the astronomer, died in Italy.

1894—Isabella Shawa Thackeray, widow of the distinguished author, died at Leigh, England; born 1819.

1896—General Francis Channing Barlow, a noted veteran of the Army of the Potomac and a prominent lawyer, died in New York city; born 1824.

The Janesville Recorder—speaking from the democratic point of view in such cases, of course—says: "The republicans who hold office want peace. Those of the party who do not hold office are peaceable enough." Democratic principles, however, differ widely from republican principles, and the Recorder should not judge the republicans by a democratic criterion.

The "taxation problem" will never be solved as long as people make it a point to pay as little tax as possible. If everyone sought to pay as much as possible, the solution would be easy, but such is not the case. Individuals, firms, and corporations are all alike—they are anxious to get off as lightly as possible.

An American syndicate will build a handsome hotel, with all modern conveniences, at Havana, while another American syndicate will build a railway in Porto Rico. A new era has dawned for these islands.

That new depot is one of the realities, and it will need a new coat of paint, and a new slate roof before the solution of the taxation problem is reached. A bird in the hand is worth two in the bush.

Perhaps the present system of taxation would answer for a short time longer, if expenses were not so heavy. And perhaps if it wasn't for the damage suit "fad," expenses would be less. Ergo—

An American firm has just shipped machinery for a water works plant to Shanghai, China. The plant will be the first of its kind in the "flowery kingdom."

The present regular army costs \$24,342,231, while that provided for in the Hull bill now before congress will cost \$82,059,665, an increase of \$57,717,231.

The Peruvian government has decided not to continue the present commercial arrangement with the United States, and will terminate it next October.

The people of Wisconsin expect the republican platform to be carried out to the letter—and they will not be disappointed.

The Beloit Free Press looks bright and clean in a new dress of type, and it is as bright and clean as its looks.

Let us pause a moment, to note the fact that there is a striking similarity between the two words "net" and "nit."

It will cost \$10,000,000 to make Havana a sanitary city.

La grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for la grippe." Pleasant to take. Quick to act. People's Drug Co., corner Main and Milwaukee streets.

A new breakfast food in bulk called Imperial. It is a wheat product, and is very nice. 5c a pound, 6 pounds for 25c. Sanborn.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. People's Drug Co., corner Main and Milwaukee.

**City Built on Islands.**  
The famous old city of Ghent, Belgium, is built on twenty-six islands, which are connected with one another by eighty bridges. Three hundred streets and thirty public squares are contained in these islands. Ghent has been the scene of many treaties, insurrections and revolts, and it was there the treaty was made terminating the war of 1812 between this country and England.

The smallest things may exert the greatest influence. De Witt's Little Early Risers are unequalled for overcoming constipation and liver troubles. Small pill, best pill, safe pill. People's Drug Co., corner Main and Milwaukee.

APPLES \$3 per barrel, plenty of them. Sanborn.

## THE NAVY RESERVE.

[Jack of the Turret Talks.]  
He can give you tips on eteket an gun mounts.  
He got his regerashings like a book.  
He's a bully mate to tie to when the battle lanterns glimmer.  
For he's heart from keel to fightin' top—yore's luck!

He's a greenhorn—ravin green as his old spratrics—  
An the salt spray never kissed him till las week,  
But he cut an stashed with corn knives, worked a Hotchkiss from a house top.  
An he made hisself a bloomin' naval freak.

Like as not his dad owns half the town he hails from,  
An the kid had beer an steak to stop a shark,  
But he heaves inboard his biskits like he never knowed what pie was.  
An heaves 'em up quite cheerful—same's a lark.

He's the only chap the bo'sun ever called "Sir."  
While the old man stamped his quarter deck for joy.  
With blisters an his hands torn an his sea legs still a-comin',  
We'd not trade him for the admiral that boy.

If you'd see the kid a-coalin' off Sanyago, Stralin, gaspin, tumbin' over in his place,  
If you'd watched him grip his elink bar, with the forced draft screamin', ravin,  
You'd know why we like his pink an peel in face.

He's a bit presoomin' sometimes. When old Two Stars  
Piped his vollynteers to sink the Merri-mac,  
They was sixty fool reserves on the Oregon, what belled,  
Cuz they couldn't go with Hobson—that's a fact!

He'll go back to school an business an street cars  
When the red an yellor's hammered back to Spain,  
But he'll miss the salt an savor, an his mates will curse the peace morn.  
For we want him always—heart, an nerve an brain.  
—Daniel V. Casey in Scorpion, Published at Camp Tampa by the Boys.

**His Specious Argument.**  
"You see, it's this way," explained the wily man. "I intended to let you have a new bonnet and a new gown, but Wilkins, who lives next door, was in to see me today, and Wilkins is awfully hard up."

"What has that to do with my new bonnet and gown?" she asked.  
"I don't blame you for asking that question," he answered. "At first glance any one would naturally say that it has nothing to do with it, but Wilkins says that if I get you a new bonnet and gown he will be compelled to get one for his wife, and he positively cannot afford it. Now of course I am anxious that you should have one, but out of consideration for Wilkins—in the interests of humanity, I may say—I feel that it is a pleasure that I should deny myself."—Chicago Post.

## THREE THOUSAND MILES BY LAUNCH

## LOCAL COUPLE TAKE A NOVEL TRIP.

Dr. and Mrs. E. H. Dudley Are Home After a Round About Water Voyage to New Orleans—Received at All Points With Open-Hearted Hospitality By the Southerners.

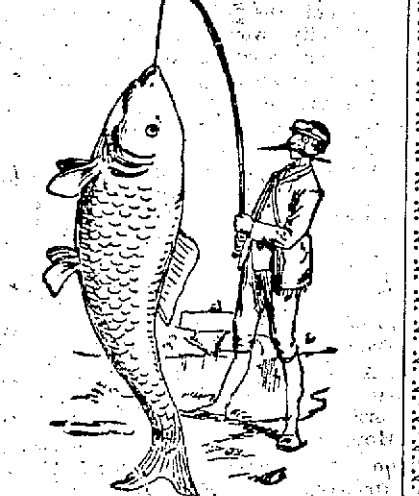

Dr. and Mrs. E. H. Dudley returned home yesterday from a novel trip south. They left Chicago in a private launch about the middle of October last, and after passing through the Illinois canal and river they reached the Mississippi. Down the father of waters they glided, stopping at all points of interest enroute. At most of the large towns and cities they "dropped anchor" and took in all the sights worth visiting.

In Memphis they spent some time visiting friends, and from there they made for New Orleans, which city they found to be of special interest. During the greater portion of their trip they were alone, but at some portions they were joined by friends for a short time. The entire trip was one of extreme pleasure, and nothing happened to mar the occasion. At all points they were received with the open hearted hospitality for which southern people are noted.

The launch in which they made the voyage was an ideal little craft, and will soon be shipped here from Chicago and placed on the Rock. It was so arranged that they slept in it nights whenever they found it inconvenient to get to a hotel. There was plenty of room to store all their baggage, and special apartments for keeping eatables.

The return trip from New Orleans was made as far as Memphis, the entire trip covering nearly 3,000 miles.

Dr. and Mrs. Dudley are both much improved in health after this novel trip.

Every day we have fresh caught fish for fish eaters; but Thursday we receive an extra invoice for Friday's trade. The lot will include all the seasonable fish, and should be ordered Thursday afternoon, so that plenty of time will be allowed for thawing out the same. Sanborn.

## DAUGHTER'S DEATH KILLED THE MOTHER

MISS BERTHA ACHESON BURN-  
ED TO DEATH.

Shock Was More Than Her Mother  
Could Bear, And She Died at Mid-  
night—Wallace Cochrane, Of This  
City, Her Brother—Sad Calamity  
in the Town of Magnolia.

Constant worrying on the part of  
Mrs. David Acheson, of the town of  
Magnolia, over the tragic death of her  
daughter Bertha, who was burned to  
death at their Magnolia home, and who  
was buried yesterday, hastened her  
death, which took place at midnight last  
night.

Wallace Cochrane, who is a brother of  
Mrs. Acheson, received the sad news of  
her sudden demise this morning.

Mrs. Acheson has been suffering for  
some time with heart trouble, and the  
shock of her daughter's tragic death  
was more than she could bear.

On Friday afternoon of last week, Ber-  
tha, an imbecile from birth, thirteen  
years old, was left for a few minutes  
alone. On the father's return to the  
room he found the unfortunate child en-  
veloped in flames. Before the fire could  
be extinguished all her clothes were  
burned from her body. Dr. Stair was  
hastily summoned, who when arriving  
gave the opinion that death was in-  
evitable. The poor sufferer was made as  
comfortable as possible, but died on  
Sunday afternoon. The funeral took  
place yesterday from the residence of  
David Acheson in Magnolia.

Although the shock was a terrible one  
for the mother to bear, it was thought  
that she would in time be herself again.  
Yesterday she was taken suddenly ill,  
and died at midnight before those about  
her fully realized the situation.

Deceased leaves a husband, four sons  
and a daughter. She was a noble woman,  
loved and esteemed by all and her un-  
timely death will be mourned by the en-  
tire community.

No definite arrangements have as yet  
been made for the funeral.

## OBJECTS TO MISS WILCOX

Mrs. Huntress Says That She Should Not  
Be Administratrix.

Mrs. Maggie J. Huntress, wife of  
John H. Huntress, of this city, who has  
just made the purchase of William Wil-  
cox's share in his father's estate, objects  
in strong form to the appointment of  
Miss Mary Wilcox, as administratrix of  
the Wilcox estate.

Mrs. Huntress, through her attorney,  
Miss Angie King, will soon appeal the  
case if necessary, from the county to the  
circuit court, in order that she may have  
a disinterested person appointed to man-  
age the estate. She says that she ob-  
jects to Miss Wilcox because she is in-  
terested as an owner.

M. H. Rothstein Against F. L. Quatsee.

The morning sheet has taken a deep  
interest in my welfare, which I duly ap-  
preciate. Sorry I can't advertise with  
them. Don't know but what I will  
have to after awhile. I would be better  
pleased if in quoting my little disagree-  
ment in the municipal court if they  
would get at the facts a little closer,  
but as much as they don't or as much  
as they won't, I will have to get along  
without them.

There is one consolation I have, and  
that is that I am enjoying a splendid  
trade; that the people have learned that  
I always undersell to the extent that it  
required eleven salesmen at one time to  
take care of the business and out of the  
eleven salesmen only one man claims  
that he was not paid in full.

Now if by any bad luck or by failure  
to advertise in the Recorder I should be  
obliged to quit business here before my  
lease expires, I will let the public know  
in time and give everybody the benefit.  
Cheaper shoes than ever will be the news  
in the meantime I am selling men's fine  
box calf, vici kid, winter taps, and leath-  
er lined shoes, all sizes, at \$2.00 per  
pair, same as others ask \$2.50 for. We  
are opening our great January clearing  
sale. Our inventory tells us that we  
are overstocked on all winter weight  
shoes and warm goods. I have cut down  
the prices to a level that was never  
heard of before. Now is your time. Don't  
fail to see the new prices. F. L. Quat-  
see, advertiser of facts.

MUSIC Aftwheel.

The invigorating effect music has upon  
the fatigued nervous system is well  
demonstrated by the way a company  
of infantry will "brace up" after a  
long and wearisome march when the  
band strikes up a jolly tune. Weak  
knees are forgotten, lame backs no  
longer trouble and the whole body falls  
in harmoniously with the music.

This principle was utilized by a German firm  
in constructing an automatic music  
box, to be attached to a bicycle in such  
manner that a strap can be attached to  
the crank, and thus the organ made to  
play. Experiment shows that this re-  
ally does stir up the nerves of a tired  
wheelman. It has become quite a fad  
in Germany and France to organize  
cycle tours with several musicians hav-  
ing these boxes, called troubadours, in  
the lead.

Is there any reason worthy to be con-

farmer feel that life was more worth  
the living if he wore in the field the  
heavy russet walking shoes of fashion,  
with flat heels and wide toes, and a  
suit of serviceable but becoming cor-

but nevertheless picturesque blue flannel

## BOY PRISONERS SHIELD SALOON MEN

WOULD NOT TELL WHERE  
THEY BOUGHT WHISKEY.

Three Under Eighteen Years of Age  
Given Jail Sentences.—Found In-  
toxicated By the Police.—Another  
Offender Signs the Pledge Not To  
Indulge.

Three prisoners, all under eighteen  
years of age, appeared in the municipal  
court at 10 o'clock this morning to an-  
swer to the charge of being drunk and  
disorderly. They all plead not guilty.

Judge Fifield then accorded each a fair  
and impartial trial, found them guilty  
as charged, and fined them as follows:

Arthur Dilzer, \$3 and costs or a total  
of \$3; or six days in jail.

Neil Flaherty, \$1 and costs or a total  
of \$2; or four days in jail.

William McConnell, \$1 or a total of \$2;  
or four days in jail.

Being unable to pay their fines they  
were remanded to jail till the same is  
paid.

When arraigned Judge Fifield took  
particular pains to look into the cases,  
and if possible to ferret out where the  
boys obtained their whiskey. Chief  
Hogan stated that last evening about 8  
o'clock he found the trio on West Mil-  
waukee street all badly intoxicated.

When asked this morning where they  
secured their whiskey they all answered  
that they did not remember, and that  
about all they could remember was that  
it was given them by somebody.

That the boys purchased the whiskey  
from some of the saloonkeepers the  
police are well satisfied, and if the guilty  
party is apprehended he will be made to  
pay dearly for what little money he de-  
rived from these boys, who are all  
minors.

The young men arrested are all con-  
nected with local families of prominence  
and it is a matter of much regret that  
their arrest should have been brought  
about.

Chief Hogan has repeatedly warned  
these young men and several others but  
the warning seems to have gone un-  
heeded.

An effort will be made to find out who  
sold them the liquor.

## SERVANT GIRLS ROB VANKIRK FAMILY

TWENTY-FIVE DOLLAR CLOAK  
RECOVERED.

Several Other Articles of Value Al-  
leged to Have Been Taken From  
Their Milton Avenue Residence—  
Guilty Parties May Soon Be Arrested—Reside in Fort Atkinson.

Capt. W. T. Vankirk, the well known  
River street grocer, who resides at No.  
3 Milton avenue, walked into the mu-  
nicipal court this afternoon and made  
application to Judge Fifield for two  
warrants. He said he wanted two  
servant girls arrested, who, he alleges,  
robbed him and his family of many dol-  
lars' worth of goods last summer.

The alleged guilty parties now reside  
in and near Fort Atkinson, and the fact  
that they conducted robbery on the  
wholesale plan was not discovered till  
after the hired girl handed in her resig-  
nation several months ago.

Prior to her leaving she had a girl  
companion from Fort Atkinson to visit  
her. When they left in company it is  
alleged that they both helped themselves  
to many articles of value in the house.  
It is now said that their burden was so  
heavy that they were obliged to carry  
away the stolen plunder in a sack.

After taking an inventory of things of  
value left Mr. Vankirk decided that  
there was so much missing that no one  
but a millionaire could afford to lose it.  
Then he boarded the train for Fort At-  
kinson, and after a little skirmishing  
located the alleged guilty parties, one  
in Fort Atkinson and the other on a  
nearby farm. One of the girls had a  
\$25 cloak of Mrs. Van Kirk's, that  
she was wearing, but after a little  
coaxing she willingly allowed Mr. Van-  
kirk to bring it back to Janesville along  
with other articles.

The guilty parties will in all probab-  
ility soon be arrested and placed behind  
the bars of the Rock county jail.

## TALLMAN WINS A VICTORY

Convinced a Milton Jury Yesterday That  
His Client Was Right.

Before Justice West yesterday at Mil-  
ton, Stanley D. Tallman, of this city,  
won a victory for his client, the defend-  
ant in the entitled action of Flora Or-  
cutt vs. Albert Raub. The plaintiff as  
guardian brought action to recover \$91,  
which she claimed was due her son for  
labor rendered on the Raub farm. The  
defendant claimed that the boy skipped  
out just when he should have remained  
and taken a part in the fall plowing.  
The jury found that the plaintiff had no  
case.

## BASTILE ON PARK STREET

That Is the Way the Matter Looks at  
Present.

Members of the Rock county board  
of supervisors met today at the court  
house in adjourned annual session.

A canvass among the majority of  
those present by a Gazette representa-  
tive showed that the majority of them  
were in favor of locating the new jail on  
Park street, and not in the rear of the  
court house. They will decide the ques-  
tion tomorrow.

Supt. Throne made his annual report.  
Several owners of property bordering  
on the park were present to discourage  
the idea of building a bastille in the  
park.

## MICHAEL MCCARTHY IS DEAD

An Old Resident of Janesville Passes  
Away at Monroe.

Michael McCarthy, of Monroe, Wis.,  
a former resident of this city, and  
father of Charles H. McCarthy, died  
yesterday, at the age of 84 years. Death  
was the result of a disease of the kid-  
neys. Mr. McCarthy was a native of  
Ireland, and coming to America, he lo-  
cated in Buffalo, N. Y., and came from  
that city to Janesville in 1853. For the  
past thirty-five years he was a resident  
of Monroe, Wis. For a number of years  
he has been unable to do manual labor  
of any kind. He leaves besides a widow,  
seven children, four sons and three  
daughters, Mrs. M. Holleran, of Deco-  
rah, Iowa; Mrs. A. D. Murphy, Montic-  
ello; Mrs. Spencer Phelps, of this city;  
John, of Monroe, and Michael, William  
and Charles H., of this city.

## BEGIN TEMPERANCE WORK

Meeting of the Blue Ribbon Directors To-  
morrow Evening.

Secretary John H. Jones, of the local  
order of blue ribboners, has called a  
meeting of the board of directors to be  
held tomorrow evening at 8 o'clock in  
the office of Dr. James Mills.

The object of the meeting is to lay  
plans for active service in the local field  
in the way of holding regular meetings  
each week, and to do whatever work is  
necessary.

At Smith, assistant secretary of the  
order, says that of late an unusually  
large number of men have come to his  
place of business and signed the pledge.  
Most of these signers are young and  
middle aged men.

Francis Murphy is still at the Palmer  
hospital, and is gradually gaining each  
day. It is now doubtful if he will be  
able to speak here, as was the original  
plan.

One Accorded Mrs. J. B. Sherwood, of  
Chicago, This Afternoon.

At Odd Fellows East Side hall this  
afternoon a cordial and pleasant re-  
ception was accorded Mrs. J. B. Sherwood,  
of Chicago. The reception was given  
under the auspices of the Art League,  
and members of the various women's  
clubs of the city were in attendance.  
Light refreshments were served, and the  
afternoon proved one of pleasure. Mrs.  
Sherwood is president of the Aitruva  
club, of Chicago, and will deliver the  
lecture, "Art in the School Room," this  
evening, at 8 p. m., in the high school  
assembly hall. The lecture will be  
illustrated with many copies of fine art  
works.

## ARRIVE SAFE IN AFRICA

Mrs. Walter Houghton and Children  
Complete Long Voyage

Harry A. Moscor, the well known  
steamboat agent, has received word of  
the safe arrival in South Africa of Mrs.  
Walter Houghton and her small chil-  
dren, who left Janesville on October 16  
last. After a visit in England they left  
Southampton on the 16th of November  
on the steamer Britain, and ever since  
they have been on the water.

They landed in Cape Town, where in  
all probability they were met by Mr.  
Houghton, a former Janesville police  
officer, who is now an engineer on one  
of the South African railroads.

## MAY LIVE SEVERAL DAYS

That is What Dr. Chittenden Says About  
Rev. Mr. Hendrickson

Rev. A. D. Hendrickson is still alive  
in spite of the fact that he today passed  
his forty-second day without partaking  
of a bit of nourishment. Water is his  
only diet, and on this he seems to be  
perfectly contented, although he is fail-  
ing fast and is so weak that he finds it  
much trouble to move about in bed.

Dr. G. G. Chittenden, the attending  
physician, stated today that his patient  
would in all probability live for several  
days yet, and that his condition is but  
little changed from that of yesterday.

## M'GOWAN-SHOPBELL NUPTIALS TODAY

SOLEMNIZED AT TWELVE  
O'CLOCK NOON.

Bride and Groom Were Unattended and  
Rev. Robt. C. Denison Officiated—  
Relatives And a Few Friends Wit-  
ness The Ceremony—Left On the  
Afternoon Train.

At 12 o'clock noon today Rev. Robert  
C. Denison, of the Congregational  
church, pronounced the words that  
united as husband and wife Emmett D.  
McGowan and Miss Katherine Shopbell,  
both of this city. The ceremony was  
performed at the Milwaukee avenue  
home of the bride's mother, and was a  
very quiet affair, there being present  
only relatives and a few invited friends.

The happy couple were unattended,  
and after a sumptuous repast had  
been served, they left on the 2:15 train,  
expecting to return after a few days'  
honeymoon.

Both bride and groom are too well  
known to the citizens of the Bower City  
to need any introduction. The bride  
is the eldest daughter of Mrs. Martha  
A. Shopbell, and is a worthy young lady  
who has grown to womanhood here,  
where she is held in the highest esteem  
by all. The groom is an able lawyer,  
and it is doubtful if any local attorney  
at law is regarded any more favorable  
either by the public or by fellow mem-  
bers of the profession than the groom  
of today. He was for a number of  
years clerk of the circuit court of Rock  
county, which position he filled to the  
satisfaction of all.

Mr. and Mrs. McGowan on their re-  
turn will take up their home in the  
spacious Milton avenue residence recently  
purchased from the estate of  
Alexander Graham. A host of  
friends extend hearty con-  
gratulations.

a delightful family reunion held last  
evening at her spacious South Main

were in attendance, and at 6 o'clock a  
most tempting repast was in order.  
The evening was spent in games and  
amusements, and the occasion proved  
one long to be remembered.

## "KID" MCCOY KNOCKED OUT.

Tom Sharkey Wins the Great Fight in Ten Rounds.

## STRENGTH AGAINST SCIENCE.

Indiana Man Had the Best of the First Round, but Was Unable to Defeat His Massive Opponent—Sharkey Will Now Meet Fitzsimmons.

New York, Jan. 11.—Tom Sharkey of Ireland and the United States navy knocked out "Kid" McCoy in the Lenox Athletic club Tuesday night after nine and a half rounds of the most beautiful fighting seen anywhere. His

TOM SHARKEY.

victory was due to his marvelous strength, his quickness and the coaching of Tom O'Rourke. Each one of these equally helped to win the battle for Sharkey. He was three inches shorter than his slim and boyish-looking antagonist, and he weighed at least seventeen pounds more than the boy from Indiana. McCoy had the advantage not only in height, but in tremendous reach, cleverness and agility. For the first half of the fight McCoy had Sharkey guessing and completely mixed up. The sailor seemed to get slower and slower as each round went by, McCoy playing around him like a snake playing with a rabbit before killing it. He darted his fists in and flicked the big Irishman on the cheek tantalizingly, and then flew away before the sailor could land a blow on him.

Even McCoy's lightest blows had steam in them. He sent in a light hook on Sharkey's chin in the third round that dropped him as heavily as if he had fallen from the roof of the building. Moreover, it was not like Peter Maher's punch of a year ago that knocked him down and sent the sailor bounding up in the air again, but it shook him so that when he tried to rise up from a sitting position he fell over on his side. After he got up, blinking, the "Kid" popped in another hook on his chin and sent him down again.

The sailor snatched victory out of

defeat impending early and sent his fast, aggressive opponent to the ropes with a blow such as only his great strength and ability to stand punishment would make possible after nine full rounds of hot, fast fighting.

The decision of Hurst awarding the fight to Sharkey was received favorably by the 8,000 spectators, and the throng slowly dispersed. The majority of the comment was that the fighter strong in brute force, to which some science had been added, outfought and

fairly whipped the scientific boxer and heady general of the ring. The McCoy contingent was the heaviest loser, and more glum betters appeared there than happy ones in the Sharkey camp. After it was all over Sharkey shook hands with McCoy in his corner and left the ring, vowing that he would challenge and fight Robert Fitzsimmons for the heavy-weight championship of the world.

The ending of the fight was sensational. Sharkey appeared about to make a hook at the stomach, when he suddenly swung the blow up instead. It landed full on the chin and drove McCoy back against the post, the back of his head striking the gas pipe which feeds the lights about the ring. McCoy flew forward like a swimmer plunging off a springboard and fell face downward, his elbows breaking the force of the fall somewhat. He lay there, pawing at the floor and trying to rise, but unable to get up. After Referee Hurst had counted the ten, which neither of the men appeared to hear, McCoy gamely struggled to his feet and made a feint at Sharkey, who was eagerly waiting his chance. The "Kid" turned to run away. Sharkey made a straight right-hand drive at him and sent him face downward against the ropes on the south side of the ring. Hurst grabbed Sharkey, told him he had won, and shoved him over to his own corner. The big Irishman, with his left eye badly puffed up and black, but with a happy grin on his battered face, went skipping and giggling to his corner.

McCoy, hanging on by the ropes, picked himself up from the floor and staggered dizzily toward his own corner. He would have fallen if Chief of Police Devery, who had climbed into the ring, had not caught him in his arms. Within a minute after being placed in his chair, McCoy revived so that he could sit up without any help. Sharkey rushed over, shook hands with him and patted him on the shoulders and on the back and assured him that he was a great man.

The betting at the ringside was brisk and heavy—heavier, possibly, than at any other big fight that has been held for several years. This was doubtless due to the uncertainty about the rules, and numerous false rumors as to the men's condition that had been floating around during the last three or four days. Why McCoy should have been a favorite at any time was puzzling. On form Sharkey was clearly the better man. He had at least ten pounds the better of the weight and was a much cleverer man than even his friends gave him credit for being.

McCoy gave his weight as 156 and looked very little heavier. He certainly was not above the 160 point, and probably was within the middle-weight limit. His condition was first-class. His flesh was firm, it bore a good, healthy color, and his eye was as keen as ever. McCoy had not a surplus ounce of muscle or flesh, whereas Sharkey was a perfect type of the ideal pugilist, heavy set, of marvelous muscular development, and remarkably active for one of such size. Sharkey gave in his weight at 173 pounds and looked every ounce of it.

Sharkey's seconds were Tom O'Rourke, Tommy Ryan, George Dixon and Jack Dougherty.

McCoy's seconds were "Doc" Payne, Con Kelly, Frank Erbe and Nate Denton.

Tim Hurst was referee and the official timekeeper for the club was Joe Dunn.

Fitz Will Accept Challenge. New York, Jan. 11.—Bob Fitzsimmons wired the following to the Sun from Cleveland:

"If Sharkey challenges me I will accept it tomorrow or as soon as he covers the money I have posted in New York. I will close the show if that is necessary in order to fight him. It is 10 to 1 he will not meet me because he is afraid of me. I think McCoy made a mistake in going up against Sharkey. He ought to have waited a while before meddled with heavyweights. I am sorry to see McCoy licked. I do not see why this result should hurt McCoy."

"ROBERT FITZSIMMONS."

## TOTAL DEATH LIST SIXTEEN.

Limit of Fatalities from the Wreck on the Lehigh Valley Railroad.

Plainfield, N. J., Jan. 11.—The number of dead in the wreck on the Lehigh Valley road, it is declared, will not exceed sixteen. The injured, except for two who died Tuesday, are said to be out of danger.

An investigation as to the responsibility for the wreck will be set on foot at once. Engineer Prendergast of the excursion section said: "I can't say anything about my orders or anything bearing on them until I have seen some of the railroad officers. It will come out in time."

Conference at Manila.

Manila, Jan. 11.—At the instance of Aguinaldo, the insurgent leader, an important conference was held Monday evening by commissioners appointed by himself and Gen. Otis, the American commander. The commissioners met in Manila for the purpose, as declared in the order issued by Gen. Otis, of holding of a conference, of conferring on the situation and of arriving at a mutual understanding of the intent, purposes, aims and desires of the people of the Philippines and the United States. There was a frank discussion.

## BEVERIDGE FOR SENATOR.

Indiana Republicans Have Made Their Choice.

## ELEVEN BALLOTS ARE TAKEN.

Entire Strength of Major Steele and Judge Taylor Is Finally Cast to the Indianapolis Man—Short Sketch of the Public Career of the Nominee.

Indianapolis, Ind., Jan. 11.—Albert J. Beveridge of this city was nominated for United States senator in joint republican caucus here Tuesday.

The result was reached on the eleventh ballot, he receiving forty-eight votes, or three more than necessary to nominate him. J. Frank Hanly received thirty-six votes and Frank B. Posey five.

The entire strength of Judge Taylor and Maj. Steele went to Mr. Beveridge on the decisive ballot, which was the second one after a short recess.

Mr. Beveridge's victory came on the second ballot after the recess which was ordered at 11:30 o'clock, in order to give the members a breathing spell and the candidates a chance to patch up their fences or effect combinations. On the ninth ballot Mr. Hanly had thirty-seven votes and Mr. Beveridge only twenty. On the tenth the Beveridge vote went up to twenty-eight, and the Hanly vote fell to thirty-six, and the latter's friends realized that the recess had not been taken in vain by the opposition. The eleventh, and final vote was taken in silence, and when the result was announced the caucus went wild with cheers.

A committee waited upon the nominee at the hotel and escorted him to the hall of representatives, where he spoke briefly, thanking the members for the high compliment paid him and promising to deserve the confidence that the nomination expressed.

Albert J. Beveridge was born in Highland, O., Sept. 6, 1862. His parents were poor and owned a little farm. He got his education much on the same plan as did Hanly. He ditched and did farm work and log rolling in Illinois and experienced the same hard knocks of the world. In 1880 he landed in Depauw university with \$50 in his pocket. He worked his way through that institution by keeping a clubhouse and doing menial duties at first. He first came into public notice by winning the state senatorial contest when in Depauw, and later taking the interstate prize.

## DO LITTLE WORK.

Illinois Legislators in No Hurry to Begin Business.

Springfield, Ill., Jan. 11.—Street railway legislation came promptly to the front on the reassembling of the legislature Tuesday in two widely separated propositions.

A bill providing for flat repeal of the Allen law and nothing else was offered in the senate by Senator Harry G. Hall of the Twenty-third district, and in the house by Peter B. Olsen of the Eleventh district.

Senator Berry proposes to have the "Tanner-Yerkes" bill, introduced by him last Wednesday, so amended as to remove all limitation on the length of a franchise grant and to leave determination of the franchise term wholly in the hands of the city council.

The speaker is still wrestling with committee assignments, and especially chairmanships. He will announce nothing.

Aside from the introduction of the Allen law repeal bill and the sending to the senate of a number of appointments by Gov. Tanner, nothing of importance was done in either branch of the legislature Tuesday.

## Wisconsin Canvass Choices.

Madison, Wis., Jan. 11.—Both senate and assembly republican caucuses for nomination of officers for the session were held Tuesday night. In the senate caucus there was no contest except over president pro tem. Senator Thayer of Ripon, who held the place two years ago, was re-elected over Senator Baxter of Lancaster by a vote of 18 to 12. Walter Houser of Mondovi was elected chief clerk and Chas. H. Pettibone of Oconomowoc sergeant-at-arms.

In the assembly caucus George H. Ray of La Crosse was elected speaker by acclamation, both Assemblymen True of Baraboo and Wheeler of Janesville having withdrawn.

## Mr. Dingley Gains Strength.

Washington, Jan. 11.—Representative Dingley continued to show signs of improvement Tuesday, and at night he was resting easily. While still very weak and in a serious condition, he seems to be gaining a little strength, and may be said to be a shade better.

## Stick to Chicago Platform.

Boston, Mass., Jan. 11.—At the annual meeting of the state democratic committee belief in the Chicago platform was reaffirmed and a resolution against the annexation of the Philippines was adopted after a short debate.

whole question now goes over until the regular meeting on Friday.

## How the Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds or la grippe. Every bottle warranted. For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

## Hawaiian Bill Perfected.

Washington, Jan. 11.—The Hawaiian bill has finally been perfected by the house sub-committee on territories and it will be reported to the house within a few days. As agreed on, the bill preserves, in all essential particulars, the bill presented by the Hawaiian commission. A territorial form of government is established, with a governor appointed by the president and a delegate elected to congress, a local legislative body.

## No Truth in the Rumor.

London, Jan. 11.—A Central News dispatch from Berlin says that the statement that Germany has threatened to annex one of the Tonga islands is untrue. The German consul at Apia has been instructed to obtain the settlement of certain accounts by the Tonga government, but Germany has not thought of annexation, knowing the islands to be within the British sphere.

## Nervous Dyspepsia

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean.

## MAKE A TEST OF STUART'S DYSPEPSIA TABLETS.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think their nerves are to blame and are surprised that they are not cured by nerve medicines. The real seat of the mischief is lost sight of. The stomach is the organ to be looked after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every organ. In some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are

troubled with loss of flesh and appetite with accumulations of gas, sour risings and heartburn.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

"Some weeks ago my brother heard me say something about indigestion, and taking a box from his pocket said 'Try Stuart's Tablets.' I did, and was promptly relieved. Then I investigated the nature of the tablets and became satisfied that they were made of just the right things and in just the right proportions to aid in the assimilation of food. I heartily endorse them in all respects, and I keep them constantly on hand."

## NOTICED THIS BEFORE

You Probably Have and May Have Spoken About It.

The reader of this newspaper if he takes the time and trouble to look carefully through its columns, will probably find half a dozen statements tacked on to the foot of reading notices about proprietary articles. Note this fact. In each and every instance as far as Janesville is concerned, as far as the reader's knowledge of the party is concerned he might just as well live in the moon. Make another note of this. The only remedy on the market which gives testimony at home, local proof in every town and city in the Union, to back up its claims, is Doan's Kidney Pills. They all try it but they cannot do it. Why they are unable to do it can safely be left with the reader to draw his own conclusions. Here is Janesville proof for Janesville readers. Mr. Geo. Pratt, of 261 S. Main St., salesman at Brown Bros. Shoe store, says: "I feel that I can guarantee Doan's Kidney Pills for curing kidney complaint. I was subject to it for several years, had a doctor treat me for quite awhile, and as long as I took the medicine I was helped, but as soon as I quit the trouble returned. I took other remedies, but without being benefited. Finally learning about Doan's Kidney Pills I procured them at the Janesville Co's. drug store and took them. They cured me. My symptoms were mostly backache, the kidney secretions contained sediment and were too frequent in action. You are welcome to use my name as one who recommends Doan's Kidney Pills, and I shall be glad to speak a good word for them at all times."

## SIDES WITH SENATOR HOAR.

Mason of Illinois Speaks Against Expansion.

## NO GOVERNMENT BY FORCE.

Resolution Introduced Declaring That the United States Will Never Attempt to Govern the People of any Other Country Without Their Consent.

Washington, Jan. 11.—Senator Mason of Illinois occupied the attention of the senate for nearly an hour and a half Tuesday with a speech in support of his resolution declaring that the United States will never attempt to govern the people of any country without their consent. Mr. Mason said in part:

"The other day, when the distinguished senator from Massachusetts (Hoar) asked the senator from Connecticut (Platt) what he was going to do with this sentence, that 'all just powers of government are derived from the consent of the governed,' he answered, 'From the consent of some of the governed.'"

"Mr. President, when any great cause which is agitating the minds of the people needs for its defense such shallow and un-American evasions as this, that cause will not live long in the minds of intelligent people. We cannot amend that sentence now, and when we all shall have moldered in forgotten dust this sentence will live and continue to burn, a menace to tyrants and a beacon of hope to the downtrodden and oppressed."

"The Filipino is begging to treat with us as to his own land; he acknowledges our gallant services; there is no honest commercial treaty that an honest nation could ask that they are not willing to consent to. They want liberty as we did, and when 70,000,000 people have heard their cry for mercy and independence, the father in New England will plead for the father in Manila, the mother in Illinois will pray for the poor mother in the islands of the sea; the fathers will vote as the mothers pray; the poisoned view of selfishness will have had its run, and God help the party that urges war on the native who defends only his liberties and his home."

Referring to the statement that the Americans intended to give the Philippines liberty, Senator Mason said: "How is the liberty to be established? Is it to be done hypodermically with a thirteen-inch gun? Are not our men and ships lying off Iloilo? Did not the natives, who have been our ally, drive the Spaniards out? Are they not in possession of their own land, their own homes? Are they guilty of any crime except love of home and country? Having worn the Spanish yoke so long, do you wonder at their fear of ours? Shall we shoot them and burn their homes because God Almighty has planted in their hearts and to their lips the sweet song of liberty? Forbid it, God Almighty."

"But, Mr. President, we are told that we must civilize them. Which part of our civilization shall we give them first. Shall we show them how to run municipalities with 'boodle' aldermen? I see the chief of that great ethical society known as Tammany hall says, keep the islands; hold them. Shall we send them to teach the untamed Filipinos cleanliness and municipal politics? Shall we teach them to worship money or the man who has it? Shall we have special instructions to teach them how to kill postmasters and their wives and children because of their complexion? Shall we have illustrations showing in enlarged picture the work of our mobs within the last ninety days in North Carolina, South Carolina and Illinois? Shall we teach them how to organize trusts so that one or two men can raise the price of necessities of life to all people? Shall we mand and print Lincoln's Gettysburg speech so that it will read: 'A government of all the people by a part of the people, for a few of the people?'"

"Mr. President, I am through. I do not expect to escape bitter criticism. I have seen so much of sacrifice on the part of others in all of the past for the cause of liberty I would for it sacrifice my seat among you, in which I take great honor, as cheerfully as I would part with a crust of bread. I have wished for that magnetic strength that would help me to burn within your hearts the sacred word of liberty—not Spanish liberty for Cuba, not liberty for you prescribed by me, not liberty for me prescribed by you, not English liberty for America, not American liberty for the Philippines, but universal liberty, for which our fathers died."

At the conclusion of Mr. Mason's speech he was accorded the usual compliment in the senate of cordial congratulations from many of his colleagues and members of the house or representatives who had heard the speech.

At the request of Mr. Morgan the senate unanimously agreed to the limitation of the debate on the Nicaragua canal bill to fifteen minutes' speeches after 3 o'clock next Tuesday. Mr. Tuley was then recognized to speak on the Nicaragua canal bill. He announced himself as an advocate of the canal, but said he was opposed to the pending bill.

At 4:15 p. m. the senate adjourned.

For Laws in Alaska.

Washington, Jan. 11.—The house devoted its undivided attention again Tuesday to the bill for the codification of the criminal laws of Alaska, and when adjournment was had all but ten pages of the bill had been disposed of.

## A NARROW ESCAPE.

One Moment More and Innocence Would Have Met an Untimely Death.

Mrs. Fishington thrust her hand up behind the "pansy" picture in the dining room and then exclaimed, her face white with fright, "John, they're gone."

Mr. Fishington dropped his spoon into the coffee.

"Could you expect anything different?" he asked. "This habit of jamming money around behind pictures and in books and vases will be the ruin of the whole family. Have you looked in the Bible?"

Mrs. Fishington ran to the front room. "The bills are not in it," she sobbed. "Oh, John, I'm just as sure as I can be that I put them behind that picture."

She gazed all around the room, then raised the tablecloth and peered under it. "Oh, John," she cried, "see Tim. He's gulping hard enough to kill him."

Mr. Fishington got down on his knees and looked under the table. There was no question about Tim's gulping.

He rose. "Dog's swallowed 'em, that's all," he sneered. "Now, I suppose he'll have to be killed and the bills rescued before there's time for 'em to be digested. I'd like to see the dog I wouldn't shoot for \$25, two tens and a five."

Mrs. Fishington began to sob.

"Go and get the Flobert rifle, and I'll take him out in the alley," ordered Mr. Fishington.

Mrs. Fishington obeyed.

Mr. Fishington took the dog in his arms and made for the post at the end of the alley fence. He tied the animal.

Mrs. Fishington could not witness the slaughter and went back into the dining room. Fishington slipped a fresh cartridge into the gun. He went around to one side so the dog wouldn't know what was happening and raised the rifle to his shoulder. A scream at the door arrested the pressure of his trigger finger.

"Oh, John, John! Don't! I've found the bills!"

Mr. Fishington lowered the weapon.

"Where?" he shouted.

"In my purse!"

Then Fishington untied the dog—Detroit Free Press.

## GETTING FOREIGN AID.

Report That Insurgents Are Incited by an Unfriendly Power.

Washington, Jan. 11.—The fact was developed at the cabinet meeting Tuesday that President McKinley is satisfied that some foreign power is behind the defiant attitude which Aguinaldo has assumed toward the United States. There has been more or less suspicion of that sort ever since Aguinaldo began to show open contempt for the authority of this government; but apparently there was nothing definite on which the administration could base its belief that a strong power was urging the Filipinos not to submit to the demands of Gen. Otis.

It is now said that the information in the possession of the administration is definite enough to indicate that Aguinaldo is getting substantial assistance from some nation unfriendly to the continuance of American rule in the Philippines. Everybody has a pretty strong suspicion as to which nation is meant.

That the administration intends to take no chances about having an adequate land and naval force in the Philippines has been shown in several ways recently. The latest suggestion in regard to the strengthening of Dewey's squadron contemplates the dispatch of the Detroit, Marblehead and Montgomery to Manila.

Two dispatches were received at the war department from Gen. Otis Tuesday. One related to some instructions that had been sent and the other said, in answer to a question from the department, that the health of Gen. Miller's troops at Iloilo continued good. No news from Iloilo has been received at Manila since Sunday. The department does not know whether Gen. Miller's force has been landed.

Suspect John Kennedy.

Kansas City, Mo., Jan. 11.—A sensation was caused in police circles when a reward of \$500 for the arrest of John Kennedy for complicity in the robbery of the Kansas City, Fort Scott and Memphis train at Macomb, Mo., Jan. 3, was issued by a local detective agency. The reward is offered by the railroad named and the Southern Express company, whose car was looted. Kennedy, who is notorious for his connection with several train robberies in this vicinity, has not been seen in this city since the day of the Macomb hold-up. He was released from jail on bond Dec. 1 to await trial for the murder of Emma Schumacher, a grocery woman whom he had robbed.

## INDIANA LEGISLATURE.

**Two Bills of Much Importance Introduced Tuesday.**  
Indianapolis, Ind., Jan. 11.—In order to expedite business the house and senate determined to hold only half-day sessions the next fourteen days. The members will thus be able to dispose of bills in committee more rapidly, and it is believed that all work will be advanced.

The controversy between the state and non-state schools was brought to the fore in a bill introduced Tuesday for the reorganization of the state board of education. It provides that there shall be nine members, no more than four of whom shall be of one political party, the governor and the superintendent of public instruction being ex-officio members. The superintendent of public instruction is to be ex-officio president of the board.

Representative Kirkpatrick offered a bill which is designed still further to limit the liquor traffic and which promises to evoke considerable discussion both in and out of the legislature. Section 1 makes it unlawful for county commissioners to grant licenses to sell liquor in the residence districts of any city or town. To make this binding it is provided that any license so granted shall be void. It is also provided that county commissioners who shall violate the provisions of the act shall each be fined in any sum not exceeding \$100, to which may be added imprisonment in the county jail not exceeding thirty days. The bill went to the committee on temperance.

**Turns in Bribe Money.**  
Helena, Mont., Jan. 11.—The senate and house met in joint session Tuesday to hear a report of the committee appointed yesterday to investigate alleged attempts at bribing members in the interest of senatorial candidates. The committee made a partial report and asked to be continued. The committee produced and exhibited \$30,000 in \$1,000 bills, which Senator Whiteside of Flathead county claimed had been paid him and three colleagues to vote for W. A. Clark of Butte for United States senator. The money was ordered deposited with the state treasurer, subject to the order of the legislature.

**Miners Will Examine Books.**  
Pittsburg, Pa., Jan. 11.—Following charges that the funds of the United Mine Workers have been used for electioneering purposes, a committee was elected Tuesday to examine the books. The report of the credentials committee showed 627 delegates. The Ohio delegation has decided to contest the right of President Rathford to hold office, on the ground that he is a member of the national industrial commission.
